National Disaster Management Authority
Government of India
Positions: Sr Consultant (Public Health in Disaster Management)

1. Background

The National Disaster Management Authority (NDMA) is the apex-level institution for disaster management in India. The Disaster Management Act, 2005 provides for setting up the NDMA along with a host of other institutions at the national, state, and district levels. Chaired by the Prime Minister, the NDMA is mandated to lay down the policies, plans and guidelines for disaster management, and implement various programmes related to various aspects of disaster management. Since its inception, NDMA has taken several initiatives and programmes in strengthening disaster preparedness and mitigation, improving disaster response and recovery, and supporting capacity-building activities in the country.

NDMA seeks a Sr consultant specializing in public health support in disaster situations. The Sr consultant will be engaged to provide expertise and assistance in the development, implementation, and evaluation of public health interventions during and after a disaster. This role aims to address the health needs and mitigate the risks associated with disasters.

Disasters, whether natural or man-made, pose significant challenges to public health, including the spread of diseases, injuries, and the disruption of healthcare systems. Public health issues affect the disaster-affected communities in multiple ways, disrupting their lives and livelihoods. Women, children, and elderly are seriously affected, necessitating prompt health and medical interventions. NDMA needs to work with the State governments in providing specialized guidance and support in planning and implementing public health interventions in disaster-affected areas.

2. Job Description

Working within the Mitigation Division, the Sr Consultant will assist the Member and Advisor, Mitigation in developing various programmes and technical assistance related to Public Health in Disaster Management.

The primary objective of the consultant will be to contribute to the development and implementation of comprehensive public health interventions tailored to the specific needs of communities and households affected by disasters. The Sr consultant will work closely with relevant stakeholders to ensure the delivery of timely and evidence-based public health services that promote disease prevention, health promotion, and effective emergency response.

He/She should possess Strong knowledge of disease surveillance, outbreak response, health promotion and health system strengthening. He/She should have familiarity with international guidelines and frameworks for public health in emergencies. He/She should have demonstrated ability to conduct assessments, develop

3. Position (in numbers) : 1

4. Key Tasks and Responsibilities

Sr Consultant will work under the overall supervision of the concerned Member/ JS / Advisor, NDMA and the Sr consultant's responsibilities will include but are not limited to:

- a. Needs Assessment : Conducting an initial assessment of the public health needs and priorities in disaster-affected areas Identifying potential health risks, vulnerabilities, and gaps in healthcare infrastructure and services.
- b. Intervention Planning and Design : Collaborating with Ministry of Health at the central level, and several health organizations, Indian Red Cross, and relevant stakeholders to develop context-specific public health interventions. Ensuring that interventions align with international standards and guidelines for disaster response and public health emergency management.
- c. Disease Surveillance and Outbreak Response : Establishing or strengthening disease surveillance systems to detect and respond to outbreaks. Providing guidance on early warning systems, case management protocols, and infection prevention and control measures.
- d. Health Promotion and Education : Developing health promotion materials, campaigns, and educational resources to raise awareness and promote healthy behaviours in disaster-affected communities. Conducting training sessions for local healthcare workers, volunteers, and community leaders on public health practices and emergency response protocols.
- e. Coordination and Collaboration : Collaborating with relevant stakeholders, including government agencies, non-governmental organizations, and community-based organizations, to ensure coordination and integration of public health services. Participating in coordination meetings, and inter-agency working groups to share information, best practices, and lessons learned.
- f. Monitoring and Evaluation : Monitoring the implementation and effectiveness of public health interventions. Collecting and analyzing data to assess health outcomes, identify areas for improvement, and provide recommendations for future interventions.

Deliverables:-

The Sr consultant will be responsible for delivering the following :-

An initial public health needs assessment report, including recommendations for interventions.

A comprehensive public health intervention programme, outlining objectives, strategies, and activities.

Training materials, guidelines, and tools for capacity building initiatives.

Regular progress reports on implementation activities and outcomes.

5. Duty station: New Delhi, India

The consultant will be based at NDMA, New Delhi and is required to travel to field locations, as necessary, to support intervention implementation and monitoring.

6. Status (Full time/Part Time/Short term or Long-term): Full Time. It is a full time engagement and Sr Consultant shall not take up any other assignment during the period of consultancy with NDMA).

7. Competencies and Skills required:

- Promoting the vision of NDMA
- Strengthening technical expertise
- Formulating concepts and strategies
- Managing resources
- Ability to work in a team situation and engage with diverse stakeholders
- Inter-personal and communication skills
- Proactive engagement and dialogue
- Strategic advice and communication
- Excellent communication, coordination and training facilitation skills
- Fluency in English and Hindi

8. Language proficiency: Fluency in written and spoken English is required for this position.

9. Educational Qualifications (Essential/Desirable):

- Essential Qualifications: Master's degree in public health, epidemiology or a related subject from a recognized University.
- Desirable Qualifications: A research qualification in public health, epidemiology or a related subject.

10. Age, Experience, Salary: These would be as shown below and as updated in Recruitment Handbook of NDMA from time to time.

Position	Post qualification Experience*	Upper Age Limit	Remuneration Band (in Rs.) **
Sr Consultant	Minimum 5 years	50 years	1,25,000 – 1,75,000

* pl refer to para 11 (Experience) below.

**The annual increase is given on satisfactory performance. For outstanding performance, a two-step (each step is Rs 5000) increase may be given to the Sr consultant. In any case the remuneration of a Sr Consultant will not increase beyond the highest range of the corresponding remuneration band. In such cases the remuneration of the Sr Consultant will remain stagnant.

*** Retired government officials with matching education and experience, with maximum age of 64 years and who have held a position with grade pay of INR 7,600/ or more may also apply. Retired Govt. employees engaged as a Consultant shall be regulated as per MoF, DoE OM No. 3-25/2020-E.III.A dated 09/12/2020.

**** Remuneration, Allowances, Leave entitlements, Maximum term of appointments in respect of retire Central Government employees engaged as Consultant on Contract basis in NDMA shall be regulated as per provisions laid down in MoF, DoE OM No. 3-25/2020,E.III.A Dated 09/12/2020.

***** Remuneration, Allowances, Leave entitlements, Maximum term of appointments in respect of retired state Government employees will be same as the retired Central Government employees are entitled to when engaged as Consultants on Contract basis in NDMA.

**** The Selection Committee shall fix the consolidated remuneration for the offered position in the remuneration band based on the education, experience, remuneration being already drawn/ last pay drawn and other relevant factors. The remuneration will be consolidated and inclusive of all applicable taxes and no other allowance shall be provided.

11. Area of Experience:

Experience of at least five years in public health emergency management, disaster response/recovery, or similar area.

[Duration of research work (PhD, Post Doctoral) will be counted in work experience, either actual duration or 5 years, whichever is less]

12. Reporting Mechanism: The Sr Consultant will work under the direct supervision of concerned subject Member / JS (Division Head) of NDMA.

13. Support/inputs to be provided by NDMA to facilitate Consultancy: During the consultancy no additional support other than office equipment i.e. Desktop, Printers, Internet etc. may be provided by NDMA. However, allowances such as TA/DA, Lodging & Boarding expenses, etc. for official tours, visit, etc. will also be provided as per the rules/regulations of GOI/NDMA.

14. Special remarks, such as travel, etc.: For all official tours, visit of Sr Consultant, allowances such as TA/DA, Lodging & Boarding expenses, etc. for official tours, visit, etc. will also be provided as per the rules/regulations of GOI/NDMA.

15. Termination of Contract: The NDMA can terminate the contract at any time without prior notice and without providing any reason for it. However, in the normal course it will provide one month's notice to the Individual Consultant. The Individual Consultant can also seek for termination of the contract upon giving one month's notice to NDMA.

16. Additional remarks: Individual Sr Consultants will be engaged for three years initially, which may be extended up to five years based on his/her performance and

position beyond the first and second year would be contingent on a satisfactory Annual Performance Review based on clearly defined Key Performance Indicators. However, no extension will be given beyond the age of 65 year.
